

## RIALTO GETS RECOGNISED FOR EXCELLENCE IN “WATER MANAGEMENT” & “BEST WATER BODY RESTORATION PROJECT”

Industries in India are efficiently managing their water needs with new concepts - technical, non-technical & digital innovations lead them to overcome their water needs. Recognize & award, excellence in water management practices among industries.

**CII – Southern Region conducted a “National Level Water Management competition” for the industries.**

More than 90 companies across India from different sectors (Cement, Pharma, Automobile, FMCG, Engineering) participated in the competition and presented their innovative ideas and best practices on water conservation.

Over the years, Rialto has taken several initiatives towards excellence in water management practices and presented its achievements to the juries under two categories

- ❖ “Excellence in Water Management” and
- ❖ “Best Water Restoration Project”.

The juries acknowledged & recognized the efforts and the achievements of Rialto on the sustainability initiatives.

Rialto bagged 1<sup>st</sup> Place in both the categories

- ❖ “Excellence in Water Management at the site” and
- ❖ “Best Water Body beyond the fence Restoration Project”.

The award was presented by **Mr. N K Ranganath**, Managing Director of Grundfos Pumps India Pvt Ltd. & Past Chairman of CII Tamilnadu.

Award received by **Mr. J Arunkumar** – President Operations, **Mr. R Laxmankumar** – Vice President Quality, **Mr. E Senthilmurugan** and **Mr. Karthick** – Sustainability team from **Mr. N K Ranganath**, Past Chairman of CII Tamilnadu & Managing Director of Grundfos Pumps India Pvt Ltd on 05th July 2022
